

JUDGE MUNSON TO QUIT BENCH

Chief Justice Has Been a
Member of Court
26 Years

EXPRESSES APPRECIATION OF HONOR GIVEN

He Was First Appointed to
the Supreme Court
in 1889

Manchester, Dec. 1.—Loveland Munson of this town, for 26 years a justice of the supreme court of Vermont, will not be a candidate for re-election at the next session of the legislature. In making this announcement Justice Munson said:

"I think this is the proper time to make known the fact that my name will not go before the legislature at its next session in connection with the election of justices. In making this statement I wish to express my appreciation of the trust and confidence with which I have been honored by the people of Vermont, who through their representatives have given me 13 consecutive elections to a seat in their highest court."

Chief Justice Loveland Munson of Manchester was born in Manchester July 21, 1843; was educated at Burr & Burton seminary; was a member of the constitutional convention of 1870, of the House of Representatives in 1872, 1874 and 1882, and a member of the Senate in 1878, serving as president pro tempore; was register of probate from 1866 to 1876, and judge of probate from 1883 to 1889; was appointed by Governor Dillingham associate judge of supreme court in 1889, vice James M. Tyler, promoted; and has received successive elections by the legislature since. He became chief justice in the early part of 1915.

MRS. MINERVA J. DAVIS DEAD.

Mother of F. L. Davis, State Livestock Commissioner.

White River Junction, Dec. 1.—Mrs. Minerva J. Davis, mother of F. L. Davis, state livestock commissioner, died at her home here at 7:30 o'clock Wednesday morning at the age of 80 years. Mrs. Davis fell four years ago and broke one of her hips and had failed steadily since that time.

Mrs. Davis was born in Pomfret and was a sister of the late Judge Charles H. Maxham. Her husband died 27 years ago the 22d of last month.

She is survived by two daughters, Mabel, wife of Dr. George M. Davis of Manchester, N. H., and Miss Minnie Davis, who has cared for her mother during her long illness, and three sons, Walter R., a druggist at Concord, N. H., Sydney J., a building contractor at Minneapolis, and F. L. Davis of this town.

The funeral was held at the house this afternoon at 1 o'clock.

A Brooklyn Druggist Praises the Great Kidney Remedy

I have handled Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy for twenty years and have heard plenty of favorable reports concerning it from my customers. They are satisfied with the results obtained from its use. I know of many cases where Swamp-Root has cured stone in the bladder, gallstones, gravel, catarrh or inflammation of bladder, liver trouble and rheumatism. I have used it in my own family with good results; and I heartily endorse Dr. Kilmer's Swamp-Root and believe it has good curative value.

Very truly yours,
ALEX. LIPSCHITZ, Druggist,
84 North 6th Street,
Brooklyn, N. Y.

November 12th, 1915.

Letter to
Dr. Kilmer & Co.,
Binghamton, N. Y.

Prove What Swamp-Root Will Do for You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Barre Daily Times. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.—Adv.

ECZEMA ON FACE ITCHING SEVERE

Also On Neck. In Pimples. Skin
Very Sore. Red and In-
flamed. Could Not Sleep.

HEALED BY CUTICURA SOAP AND OINTMENT

"When I first had eczema it began on my face and neck in pimples and I thought I had the brown-tail itch. The skin was very sore and red and inflamed and the itching was so severe that I scratched and irritated the affected parts. I could not sleep and the trouble caused disfigurement for the time being.

"I had the trouble three months and I used —
Salve but it did not seem to do any good. Then I got a cake of Cuticura Soap and a box of Cuticura Ointment and they helped me and after using one cake of Cuticura Soap and one box of Ointment I was healed completely." (Signed) Mrs. J. M. Young, Exeter, Mass., July 26, 1915.

Sample Each Free by Mail
With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

YOUR BILIOUSNESS

and constipation, headache, drowsiness, coated tongue, bad breath, bad taste in the mouth, quickly disappear if you take Hood's Pills. Many say these pills act better on the liver and bowels than anything else. Do not gripe. 50c. of druggists or by mail of C. I. Hood Co., Lowell, Mass.

NO QUININE IN THIS COLD CURE

"Pape's Cold Compound" Ends Colds and
Grippe in a Few
Hours

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stuff stuffed! Quit blowing and snuffing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Adv.

TWO DEAD IN SUICIDE PACT

Mother and Daughter Are Found at Brattleboro in Tightly Closed Room
with Gas On.

Brattleboro, Dec. 1.—When Eugene C. Johnson, a wheelwright, reached his home about 12:30 o'clock Wednesday, for dinner, he found the dead bodies of his wife and daughter on a couch in the kitchen with all the valves in a large gas range open. The circumstances indicated that the two women had agreed to end their lives together.

The couch was in the attic when Mr. Johnson started for work after his wife had gotten his breakfast. She asked him if he intended to return for dinner any earlier than usual. Early Wednesday forenoon neighbors saw the daughter, Victoria, who was 26, put a letter in the street letter box. After that neither the young woman nor her mother were seen by the neighbors.

On reaching home Mr. Johnson found all the street door doors and windows locked. He secured a ladder, entered a second-story window and went downstairs. Finding the doors leading to the kitchen locked, he forced a door and found his wife and daughter dead on the couch, covered with a blanket and lying in opposite directions. The couch was close to the gas range, but all crevices had been carefully closed with rags, even the keyhole, after the key was removed.

Dr. George E. Anderson, Dr. Charles R. Aldrich and Dr. Halbert L. Waterman were summoned, but could give no aid. Mental unbalance is given as the cause of the double suicide.

Mrs. Johnson some years ago underwent an operation and at that time her family was told that she was not always right mentally. Miss Johnson, who had obtained a divorce and resumed her maiden name, attempted her own life by drinking poison a few years ago.

Mr. Johnson had noticed that both mother and daughter were very morose lately and talked considerably about the danger of the daughter being taken to an institution.

Mrs. Johnson was Carrie Porter Johnson, born in Rowe, Mass., 56 years ago. She married Mr. Johnson in Albany, and they came here 37 years ago. A son, Floyd E. Johnson, is a merchant here. A daughter, Mrs. C. E. Howard, lives in Hazardville, Conn.

NORWICH UNIVERSITY.

This College Is Ready to Sign Athletic Eligibility Rules.

A movement was inaugurated last year for the purpose of adopting rules and regulations governing the athletic relations between the three colleges of Vermont. Norwich university has had an active part in this movement, and a conference was held by representatives of Norwich, Middlebury college and the University of Vermont last year. Rules were drafted, but owing to various delays, they were not signed by all three colleges prior to the football games this fall. It is fully planned that those rules shall be put in effect, which will place all three colleges on the same basis. It is a matter of fact that all three colleges were on the same basis this year, as far as eligibility of students playing on the various teams is concerned. The Norwich university team had no one in the games with the University of Vermont or Middlebury who had not been at the university a part of two college years except freshmen, although one man had not completed two full semesters' work, but was a cadet for the last semester last year and had been in attendance at college for this semester. There is no difference of opinion, so far as the authorities of Norwich and the other two colleges are concerned, in regard to the qualifications of the students who participate in intercollegiate athletics within the state.

Col. Ira L. Reeves, president of Norwich university, is in New York this week. Tuesday afternoon he attended a luncheon given by the Rough Riders' association. This association has adopted Norwich university and is busy raising money to build a riding hall and a common hall here. Among prominent men at the luncheon were Maj. Gen. Leonard A. Wood and Col. Theodore Roosevelt.

Maj. Frank Tompkins, U. S. cavalry, commandant at Norwich and professor of military science and tactics, was also at this luncheon.

Advance Price of Papers.

Pittsford, Pa., Dec. 1.—Three local morning papers announced Wednesday night that, beginning on Dec. 1, the rate per week will be 12 instead of 10 cents. This announcement followed one made by the four afternoon newspapers yesterday advancing the price per copy from one to two cents.

One Accident After Another.

Floyd Rash, 14-year-old son of John Rash of Barton, had a chapter of accidents Sunday. Early in the afternoon he fell into Crystal lake and was well soaked and later in the day was examining a cartridge and picking it with a knife when it exploded. A physician was obliged to amputate the thumb and first two fingers of the left hand.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Hurts or Bladder Bothers, Drink Lots of Water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

KING GEORGE TO MAKE HARRY LAUDER A KNIGHT

Will Thus Reward Comedian's Service in Obtaining War Recruits.

New York, Dec. 1.—News was brought here yesterday from Scotland by the Anchor liner Tuscania that Harry Lauder, the Scotch comedian, is on the knight's list of New Year's honors for a knight-hood in recognition of his services in obtaining recruits for the army since the war.

The comedian has spent \$100,000 in paying for a band of pipers to travel all over Scotland aiding recruiting and in sums given for war relief. In addition it was said Lauder had given his service freely at concerts which have realized thousands of dollars for the fund.

His son has fought through the war in the Argyle and Sutherland Highlanders, had been twice wounded and is now a major in the regiment. He recently received the military cross of valor.

Harry Lauder has bought an estate of 22,000 acres in Scotland, with a baronial hall, and, according to his friends, he will retire from the stage after receiving his knight-hood and become a country squire of the manor.

SPILLED ACID GOES ONTO EYE

St. Johnsbury Man Injured—Autoist Goes Over Embankment.

St. Johnsbury, Dec. 1.—Peter Botage, 38, an Italian employed at the Fairbanks shops, may lose the sight of an eye as the result of an accident Wednesday while at work using vitrol. Some of it was spilled on his eye.

C. E. Kirk in his car went over the bank on Central street Wednesday, narrowly escaping serious injury. The car was smashed. While coming up Central street the car skidded, turned and went down the bank. Mr. Kirk's head went through the windshield but he was uninjured.

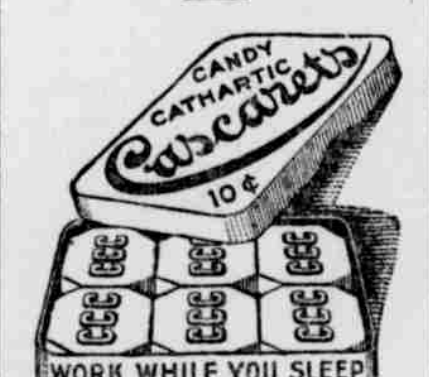

Loses Fingers on Saw.

Newport, Dec. 1.—While at work sawing shingles at the mill of William Nelson at West Charleston, nine miles from this town, John Powers lost the fingers of his right hand. His coat and sleeve became caught in a gear, throwing his hand onto the saw.

BEST FOR LIVER, BOWELS, STOMACH, HEADACHE, COLDS

They Live the Liver and Bowels and
Straighten You Right
Up

Don't Be Bilious, Constipated, Sick, with
Breath Bad and Stomach
Ach Sour

WORK WHILE YOU SLEEP

To-night sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up with your head clear, stomach sweet, breath right and feeling fine. Get rid of sick headache, biliousness, constipation, furred tongue, sour stomach, bad colds. Clear your skin, brighten your eyes, quicken your step and feel like doing a full day's work. Cascarets are better than salts, pills or calomel, because they don't shock the liver or gripe the bowels or cause inconvenience all the next day. Mothers should give cross-sick, bilious, feverish children a whole Cascaret any time as they cannot injure the thirty feet of tender bowels.—Adv.

pound and half-pound tins.

BAD DEFEAT FOR BROWN

Colgate's Great Football Machine Piled Up 28 to 0
Score

GAME WAS PLAYED IN MUD PUDDLE

Brown's Lighter Backs Were
Unable to Get
Started

Providence, R. I., Dec. 1.—The powerful Colgate eleven administered a crushing defeat to Brown university's football team on Andrews' field yesterday. The score was Colgate 28, Brown 0.

The game started on a field that was soggy and slippery. Between the halves the rain settled to a steady downpour, making the field a big, slippery, muddy pool, a condition that prevented Brown's light and speedy back field from showing to its best advantage.

Brown, however, was never dangerous. Colgate's heavy and powerful back field gained almost at will, while on the other hand her line was impregnable against the Brown attacks.

Anderson, Spencer, Gillo and Hubbell all starred for the victors, tearing off runs around the Brown ends behind interference that the Brunonians could not penetrate, or plunging through the holes that the forwards opened in the Brown line.

Pollard, Brown's dusky halfback, was a tower of strength for the home team on both the offense and defense, but had no chance to get away on the treacherous field. Amann of Brown in the closing minutes of play made the longest run of the game, 43 yards, but the team lacked the punch to follow up their advantage.

Other Football Results.

At Rochester, N. Y.—Rochester university 10, University of Vermont 6.

At Pittsburg—Pittsburg 31, Penn State college 0.

At Milwaukee—Marquette 7, Washburn 13.

At Lincoln, Neb.—Notre Dame 20, Nebraska 0.

14-GAME SCHEDULE

Arranged for Spaulding High School Basketball Quintet.

The Spaulding high school management has completed a basketball schedule for the coming season that is as strong as any which Spaulding has had in many years. There are 14 games on the list.

Coach Charles L. Brown has had his men out for several nights, but as yet there has not been any hard practice, as he is giving the players a chance to get their wind. Soon after the Thanksgiving recess the team will be put through hard drill and with a month in which to practice the team ought to be well rounded when they meet Montpelier seminary in the opening contest on the Barre floor.

The schedule is as follows:

Jan. 12—Montpelier seminary at Barre.
Jan. 20—People's academy at Barre.
Jan. 26—St. Johnsbury academy at St. Johnsbury.

Jan. 27—Hardwick at Hardwick.
Feb. 3—Burlington at Barre.
Feb. 7—Montpelier seminary at Montpelier.

Feb. 9—Stowe at Barre.
Feb. 16—Burlington at Burlington.
Feb. 22—People's academy at Morrisville.

Feb. 23—Stowe at Stowe.
Feb. 28—Montpelier high school at Montpelier.

March 3—St. Johnsbury academy at Barre.
March 7—Montpelier high school at Barre.
March 9—Hardwick at Barre.

Why?

It was a gala occasion at the school and the young lady principal was very anxious that her pupils should show off to the best advantage before the many ladies present.

"Now, Grace, where was Mary, queen of Scots, born?"

"At Linlithgow," answered the pupil.

"And why was Mary born there?" asked the teacher.

And sweet little Grace promptly answered: "Because, ma'am, her mother was staying there."

Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.—Adv.

Hot Water for Sick Headaches

Tells why everyone should drink
hot water with phosphate
in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of phosphate in it, drunk before breakfast for a while, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to rush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.—Adv.

General Sporting Notes.

One significant thing about the last part of the Harvard season is that they did not score a touchdown in the last three games. Not much like the Haughton-coached team of former years.

George Moriarty, the old Detroit player, whom President Johnson has appointed to his staff of American league umpires, always had his nerve with him when he was in a game and President Johnson thinks that he will use the same amount, as holder of the indicator.

Pat O'Dea, the old Wisconsin player, who, ten years ago, was one of the greatest kickers which the football game had ever known, is still in touch with the pastime. He was an official at the California-University of Washington contest on Nov. 18.

The gross receipts of the Yale-Harvard contest last Saturday will amount to about \$153,000, the largest in the history of Yale football by more than \$13,000.

The faculty at Bowdoin college have voted that special students will not be allowed to represent Bowdoin in athletics, unless the students have been in college a year. Special students now in college will not be affected by the new rule. John C. White, '19, last year's varsity pitcher, has been dismissed from college on account of his poor scholarship.

The Millrose A. A. game, which will be held in Madison Square Garden on January 24, will, as usual, be high class from first to finish. Athletes from all parts of the country will participate in the contests. One of special interest will be Bob Simpson, the world's greatest hurdler. He will be given good competition by Fred Murray, the intercollegiate champion, and Earl J. Thompson, the former University of Southern California man, who is now enrolled at Dartmouth. The club intends to cut out several handicap races which they have carried on in years past.

The University of Pittsburg completed its schedule Thursday against the Pennsylvania eleven. Three of the greatest players that ever wore the blue and gold made their farewell appearance, among them being Peck, last year's all-American center; Herron, who is without doubt one of the two greatest ends that Pittsburg has ever had, and Thornhill, the husky tackle, who has outplayed every man whom he has been up against in the last three years. Besides these great stars, Pittsburg will lose Sopitt, the guard, who was badly hurt in the Pittsburg-Navy game several weeks ago.

Joe Bush, who was Connie Mack's first selection last season is just 23 years of age. Bush won 15 games against other American league teams through the season, which was a wonderful record when one stops to consider the team which was behind him and goes to prove that he is a great pitcher. A hurler, who could pitch 30 games last year and lose but 24 of them with that Athletic bunch, behind him must have put a lot of stuff on the ball. Bush is probably one of the smokiest pitchers in the game to-day. During the season he managed to work in one no-hit game, this coming against Cleveland.

Clean Up Your Orchard.

In the November issue of Farm and Fireside, a writer says:

"Too many farmers, progressive in most respects, who raise orchard fruits do not practice having a thorough and general cleaning up of the orchard before winter closes in.

"Brush piles, heaps of leaves, rubbish along the fence rows, and unsalable fruit are allowed to remain in the orchard until spring before being burned or otherwise disposed of. Nearly all the insect pests that make trouble for the orchard owner take advantage of everything in the nature of rubbish in which to spend the winter. Time spent late in the fall clearing everything that will harbor insects is a profitable fight when the enemy is taken at a disadvantage."
